Subject : **“Safe Drinking Water & Hygiene”** certificate in favour of **Halhali Class XII School**

Sir,

In reference to the above subject this is to inform your good office that the Sub divisional officer (DWS) along with his Laboratory assistant and other concern had already visited the school and collected water sample from your water sources. According to the report of SDO, DWS Subdivision Kamalpur, during their visit it was found that **the school premises including toilets of students and staffs are very clean and well hygiene maintained by school authority**. Also after testing of collected water sample, it is found that **all the water sources of your school is safe for drinking purposes**.

This is for favour of your kind information and necessary action please.

Sincerely yours,
